

Studitemps records a successful 1st half in 2015

Number of sites doubled - 62 percent more customer outline agreements

Cologne, October 2015

In the first half of 2015, Studitemps (www.studitemps.de), one of Germany's leading job placement agencies for students, has been able to double the number of locations in which its branches can be found from six to twelve sites across Germany. Among these new Studitemps branch locations are Hannover, Düsseldorf, Dresden and Dortmund.

There have been 554,551 hours worked during the 1st half of 2015 by students who found their company placement through Studitemps. This represents a 16 percent increase compared to the 477,230 hours worked by students during the 1st half of 2014. The total number of customer outline agreements concluded for the provision of temporary employment services for students numbered 1,112 as of 30.06.2015, an increase of 62 percent on the previous year's figure of 685 contracts as of 30.06.2014).

Studitemps Managing Director Andreas Wels: "We are very satisfied with business development during the first half of 2015. The doubling of our branch locations forms an important part of our current growth strategy, which is to continually establish and expand upon our market leadership. During the second half, in addition to continued site expansion, we will also be concentrating on, among other things, the development of our new IT software, which when it has been completed, shall be used as a centralised booking system and workforce management tool for students and businesses."
