**Seventure Partners strengthens its presence in Germany  
and welcomes Andreas Schenk as Venture Partner in the Digital technologies team**

**Paris, 20<sup>th</sup> of December, 2019** - Seventure Partners, one of the European leaders in Venture Capital, is pleased to announce the arrival of Andreas Schenk as Venture Partner. Andreas will reinforce the Digital technologies team and his main mission will be to support the team in the sourcing, investment and support of start-ups, particularly in the fields of FinTech and Retailtech, key sectors of the team's investment strategy.

"We are pleased to welcome Andreas Schenk as one of our Venture Partners. Germany is a market in which Seventure already has a footprint in the Fintech and RetailTech sectors with investments in companies such as SumUp, IDNow or Testbirds. Andreas' specific expertise will enable us to accelerate our investments in this market, which has created a favorable environment for start-ups," said David Manjarrès, Head of the Digital technologies team at Seventure Partners

Andreas has 9 years of experience as Investment manager in Germany with EnjoyVenture. Targeted areas of investment include, for example, B2B SaaS software, FinTech, Deeptech, E-Commerce and Cybersecurity. He was in charge of a portfolio of more than 15 participations including Grover, Shipcloud, Gridscale, Newstore and Connox. Andreas holds a PhD in business economics from the European University of Madrid and a Master of Arts in Business Administration from the University of Applied Sciences of Europe.

**À propos de Seventure Partners**

With €750m net commitments under management as of the end of 2018, Seventure Partners is a leading venture capital firm in Europe. Since 1997, Seventure Partners has been investing in innovative businesses with high growth potential in two fields: Life sciences across Europe, Israel, Asia and North America, and Digital technologies in France and Northern Europe. In Digital technologies, the three main areas of focus include FinTech/Insurtech, Retailtech, and Other digital innovative solutions. Investments can range between €500k and €10m per round, or up to €20m per company, from early to late stage.
